AQUAHEALTH LAUNCHES REDESIGNED WEBSITE

<http://www.AquaHealth.com>

Today, AquaHealth announces the launch of its redesigned Web site. The enhanced layout and graphics highlight important changes the company has made with innovative technology and customer-driven marketing. AquaHealth Premium Water is the sustainable solution to traditional Bottled Water in homes, offices, hotels, restaurants, schools, and everywhere that bottled water is served. AquaHealth produces high-quality waters; and the healthiest, flavored choices available.

In 1992, Founders Barclay Hansen and Steve Donaghy, set out to find a more sensible, sustainable and efficient way of delivering great water to restaurants in the Boston area. AquaHealth's commitment to providing top quality products at affordable prices continues to earn millions of loyal customers throughout the United States. The company provides customers and food service providers alike an Earth-friendly choice for healthy beverages while helping protect our shared environment.

Please visit <http://www.AquaHealth.com> or email: sdonaghy@AquaHealth.com for interviews, product sheets and company information.
